Metal Detectable Adhesive Bandages

Metal-detectable adhesive bandages are a necessity in food-processing plants where a foreign object in finished product can be a disaster. A thin metal strip under the pad of these bandages is detectable in most metal detection systems. Bright blue color for easy visual detection. Choose from fingertip or knuckle styles in fabric. Strips are available in plastic or fabric. Bulk packaging available for cost savings.

CHANGE SERVICE REQUESTED

There are 10 separate items listed in the new 2009 ANSI standards that are required in an OSHA-approved first aid kit.

Do you know what they are?

Item and Minimum Size	Minimum Quantity
Absorbent Compress, 32 sq. in. with no side smaller than 4 in.	1
Adhesive Bandages, 1 x 3 in.	16
Adhesive Tape, 3/8 in. x 5 yd. total	1
Antiseptic, 0.14 fl. oz. application	10
Burn Treatment, 1/32 oz. application	6
Medical Exam Gloves	2 pair
Sterile pad, 3 x 3 in.	4
Triangular Bandage, 40 x 40 x 56 in.	1
Antibiotic Ointment, 1/32 oz. application	6
First aid guide	1

Larger items that meet or exceed the performance requirements of the above are considered equivalent.
 Additional quantities are to be added as needed to meet the requirements of a particular work environment.
