

# Nelson-Jameson, Inc.

## Repair Service

Nelson-Jameson offers repairs on dozens of parts and equipment you use every day! The savings when repairing process control, electronic and other equipment over purchasing new is substantial. Nelson-Jameson has, in stock, many reconditioned, or exchange for new, rubber parts commonly used in the industry. Nelson-Jameson offers repairs on select electronics equipment at our facility to help reduce your costs and down-time. Generally, equipment can be rebuilt to original factory specifications with warranties equal to or near that of new. We also offer a loaner program to assist in your operations. Call for information and availability.
