456-2013	88	Blue	10/bx	BX

Scotch-Brite™ Ultra Stainless Steel Scrubber

A unique combination of a stainless steel scrubber and an urethane holder to provide a more effective cleaning. The urethane holder helps protect fingernails and make scrubbing more comfortable. The scrubber holds and transfers soap and water for easy cleaning and rinsing.

Stock #	Model #	Color	Packaging	Unit
456-2000	87	Blue	18/ca	CA

Scotch-Brite™ Scour Pad

Durable tough coiled fibers make for a longer-lasting pad while open web construction allows food debris to rinse out easily. Perfect for use on stainless steel, glassware, countertops, floors, and more. Not recommended for use on nonstick surfaces, soft or clear plastics, fiberglass, or highly-decorated surfaces. 2.8"W x 4.5"L.

Stock #	Model #	Color	Packaging	Unit
456-2020	2020	Purple	24/ca	CA

Scotch-Brite™ Scrubbing Sponge

Medium abrasive scouring material on one side, absorbent sponge on the other for cleaning walls, tables, fixtures, and countertops. Yellow cellulose sponge with green pad. 3.6"W x 6.1"L.

Stock #	Model #	Color	Packaging	Unit
456-2007	74	Yellow/green	20/ca	CA

Scotch-Brite™ Greener Clean Non-Scratch Scrub Sponge

Durable, non-scratch scrub sponges made from plants, gives you a sustainable everyday scrub sponge, without compromising performance. 2.7"W x 4.5"L.

Stock #	Model #	Color	Packaging	Unit
456-2021	97033	Tan	3/pk; 8 pk/ca	CA

Scotch-Brite™ Power Sponge

Two cleaning tools in one—a Scotch-Brite Power Pad combined with a sponge. Up to eight times less abrasive than other medium-duty/heavy-duty commercial scouring products to reduce scratching. Features 3M's unique anti-microbial technology integrated into every fiber. Sponge resists growth of odor-causing bacteria through hundreds of uses. Bow-tie shape fits comfortably in hand for easy scouring. 2.8"W x 4.5"L.

Stock #	Model #	Color	Packaging	Unit
456-2085	3000	Light green/blue	20/ca	CA

Scotch-Brite™ Power Pad

Bow-tie shape and unique abrasion combines for faster, easier, and safer scouring. Cleans all types of surfaces including encrusted equipment, sinks, appliances, doors, floors, walls, ceramic tile, and porcelain with less scratching. 3.9"W x 5.5"L.

Stock #	Model #	Color	Packaging	Unit
456-2080	2000	Blue	20/ca	CA

Scotch-Brite™ Scrubbing Pads

Same material as Scotch-Brite Hand Pads, but in a convenient, thick, hand-size. Eliminates the need to cut or fold larger pads.

Stock #	Model #	Color	Size	Packaging	Unit
Light-Duty					
456-2050	#9030	White	3.5"W x 5"L	40/ca	CA
Medium-Duty					
456-2071	#9650	Bright Green	3"W x 4.5"L	40/bx	BX

Scotch-Brite™ Lint Rollers

A great way to clean clothing, material, and other surfaces of debris, such as dust or hair. Can aid in the reduction of cross-contamination.

Oil Quality Test Strips #1010

Will help save you money, by helping you determine whether your shortening is still safe to use—keeping fried food quality high. Easy to use, easy to read, and eliminates guesswork! Works equally well in animal, vegetable, or A/V blend shortenings. Each kit includes one bottle of 3M™ Oil Quality Test Strips and one wall chart. 40 strips/bottle; 4 bottles/case.
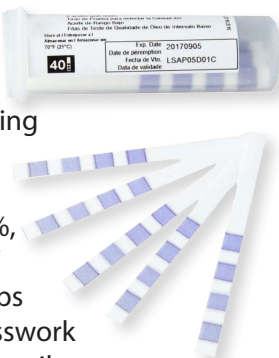

Stock #	Unit
456-2006	CA

Low Range Oil Quality Test Strips #1005

A great way to measure the shortening breakdown in your fryer. Deliver accurate FFA (free fatty acid) concentration ratings from 1 to 2.5%, providing a more precise reading of early oil degradation. These test strips help save money by taking the guesswork out of deciding when to change your oil, so you can get the most out of your supply while maintaining consistent products. They are safe and work in operating temperatures of 325° to 400°F. 40 strips/bottle; 4 bottles/case.

Stock #	Unit
456-2140	CA

Stainless Steel Aerosol Cleaner & Polish

Remove heavy accumulations of greasy film, oil stains, and food splatter. Spray on and wipe clean. High gloss finish resists fingerprints and streaking. Use also on chrome, laminated plastic, and aluminum. NSF registered. 21.5-oz/can; 12 cans/case.

Stock #	Unit
456-2500	CN

Safety-Walk™ Slip Resistant General Purpose Treads

Apply in heavy-traffic areas, ramps, loading docks, steps, or flat surfaces of tank trucks to help prevent slips. The diamond-hard mineral top surface has an adhesive backing, and it goes on like tape to a non-porous clean, dry surface. Available in individual treads or rolls. Black.

Stock #	Size	Packaging	Unit
600 Series—Treads			
456-2104	5.5" x 5.5"	50/ca	CA
456-2102	6" x 24"	50/ca	CA
600 Series—Rolls			
456-2107	6" x 60'	60'/rl	RL
456-2106	4" x 60'	60'/rl	RL

Safety-Walk™ Edge Sealer

Keeps edges of the Safety-Walk from curling. It also protects exposed edges from excessive moisture and liquids. 5-oz tube. 12 tubes/case.

Stock #	Unit
456-2113	TB

Safety-Walk™ Rubber Roller

Rubber hand roller insures proper installation and maximum adhesion through uniform pressure.

Stock #	Unit
456-2125	EA

Chemical Sorbent Spill Kit Response Pack

Will absorb most aggressive chemicals. The pack is encased in a box which can be used as a warning sign and includes both mini-booms and pads. Absorbs up to 4-gallons of petroleum based liquids. Pack includes three mini-booms, five pads, and one containment bag for temporary storage of used sorbents.

NJ619-21

Dirt/Rust Water Filter Cartridges

Made by an exclusive process in which pure white cellulose fibers are permanently arranged in the form of a porous rigid cylinder. The spaces between fibers become gradually smaller toward the center cavity. In this way larger particles are trapped in the outer layers, while at the inner layers small particles are trapped. Only clean water flows up through the cavity into the outlet water stream. Select the cartridge to meet your needs: 5-micron for normal filtration conditions or 50-micron for heavy dirt load. Use for hot or cold water service: maximum temperature for these cartridges is 210°F (99°C). Hot water applications require stainless steel housings. Maximum flow 8 gpm per cartridge. Dimensions: 9-¾"H x 2-½" Dia. 1" centerhole.
