

CPE ISOLATION GOWN

CPE isolation gowns are FDA compliant and customer approved. These gowns have long sleeves, a rounded pull over neck, ties at waist, and thumb loops cuffs (to keep wrists covered/protected at all times). CPE gowns are made from non-toxic, food safe, water-proof material, which is commonly used in the food manufacturing, factories, medical industry and etc. It is ideal for economical protection against water, dust, and light acid/alkali splashes in the work area. The light material will provide a comfortable and secure fit to the body with the following features: easy tear away feature for quick removal, thumb loops to secure gown, full length open back for comfort, provides liquid protection, and light weight non linting construction.
