

2171 General Cleaner

PRODUCT DESCRIPTION 2171 General Cleaner is a powdered, non-chlorinated general cleaner for manual cleaning operations.

BENEFITS

Saves Money

- ▲ Low use-cost versus other powder systems.
- ▲ Excellent solubility—no undissolved powder residues.
- ▲ Works in all water conditions.
- ▲ Safe for use on all metal, plastics and painted surfaces at recommended use concentrations.

Saves Time

- ▲ Built-in wetting agents help assure quick, complete soil penetration and removal.
- ▲ Easy to use—no blending required.

Promotes Quality Assurance

- ▲ Enhances finished product quality and shelf life when used in a total Ecolab product and professional services program.
- ▲ Non-chlorinated formula ideal for use as manual cleaner.
- ▲ Versatile—multi-job cleaner.
- ▲ Free-rinsing—leaves no residue or soap films on stainless steel surfaces.

| | | | |
|-----------------------|----------------|-----------------------------------|-------|
| Form | solid [powder] | pH 1% solution | 11.8 |
| Color | yellow | pH 0.1% solution | 10.8 |
| Odor | none | Alkalinity: | |
| Foam | excellent | Active as Na ₂ O | 14.6% |
| Wetting ability | excellent | Total as Na ₂ O | 26.0% |

Formula ingredients contain not more than 0.8% phosphorus, 0.3 grms per gal. of average recommended use concentration.

DIRECTIONS FOR USE

For general manual cleaning, use 2171 General Cleaner at a rate of 8 ounces per 3 gallons (20 g/l) of warm water. In a wash tank, use 1 ounce per each 3 gallons (25 g/10 l) of warm water. After using this product, surfaces must be thoroughly rinsed with potable water.

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment.

For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.

STATEMENT OF ASSURANCE

This product is effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP). This product will not adulterate food product provided that before using it, food products and packaging materials are removed from the room or carefully protected and after using these compounds, surfaces are thoroughly rinsed with potable water.

A Letter of Guaranty as indicated in USDA's Sanitation Performance Guideline is available from your Ecolab representative.

ECOLAB SUSTAINABILITY POLICY

We have a commitment to our customers to provide effective programs that help protect the health and safety of their customers and employees. We will sell products or services that maximize performance, limit total environmental impact, and are safe as our customers commonly use them. We will inform our customers of the environmental impacts of our products or services, and of their correct use.
