

Material Safety Data Sheet

Product Name: 40MPU

Chemical ID: Buna Rubber

Date: 10/18/2019

Hazardous Components: None

OSHA PEL'S & ACGIH TLV's do not apply to substances that are no longer in particulate form.

SECTION A:

Physical/Chemical characteristics:

Boiling pt.	NA*
Specific gravity (water=1)	> 1.0
Vapor pressure (mm Hg)	NA
Melting point	NA
Evaporation rate	NA
Soluble in water	NA

*NA = not applicable

Appearance: rubber solid, characteristics odor.

SECTION B:

Fire/Explosion Hazard Data

According to the provisions set forth in 29CFR 1200.1910, this product is not considered to be a fire/explosion hazard.

Keep away from ignition source during processing.

Unusual fire & explosion hazards: None

Stability: This product is stable

SECTION B (CONT.)

Hazardous Decomposition Products:

1. Usual rubber hydrocarbons
2. Oxides of nitrogen
3. Oxides of zinc
4. Oxides of carbon

SECTION C:

1. Signs & symptoms of exposure: NA
2. Emergency of first aid procedure NA

SECTION D:

Health Hazard Data:

1. Possible irritant to skin & eyes: NA
2. At elevated temperatures, produces fumes which may irritate skin, eyes & mucous membranes.
3. Do not ingest
4. Avoid fume inhalation

SECTION E:

Precautions for safe use & handling:

1. In processing, keep away from ignition sources
2. Store in cool, dry place
3. During processing – local ventilation preferred; general ventilation acceptable
4. Wash thoroughly after handling

SECTION F:

Spill control & disposal: NA
Waste disposal: dispose of in accordance with Federal, state & local laws
