76% Isopropyl formula

Meets all FDA (GRAS) and USDA requirements for food handling

Moisturizers help keep hands soft and healthy even with repeated use

Kosher certified and Pareve

Wide variety of dispensing options

Atomized spray saturates fingernails, cuticles, creases and crevices of the fingers and hands where pathogens hide.

See product label for handling and directions for use. See SDS for additional information.

Active Ingredient

Isopropyl Alcohol 76.0%

Inactive ingredients: Water, glycerin

Warning: Flammable

Color: Clear Liquid

Pounds Per Gallon: 7.25 (0.84kg/L)

Other information

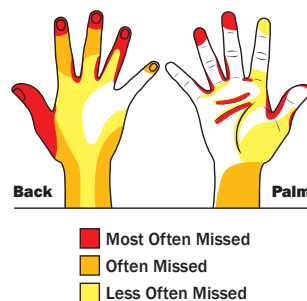

Store in a cool, dry place below 104° F (40° C)

Uses

- Sanitizes hands to help reduce bacteria that potentially can cause disease
- Helps to prevent cross-contamination
- Helps prevent drying of skin
- Recommended for repeated use

Directions

- Wet hands thoroughly with spray, covering entire surface of hands, especially the fingernails and cuticles
- Rub hands together until dry

Areas Most Often Missed with Inadequate Hand Washing.

The graphic on the left shows the areas most often missed with inadequate hand washing. Hand sanitizer spray is an effective way to kill germs where they hide: under fingernails, under cuticles, and in the creases and crevices of fingers and hands.
