

Hova-Bator Incubator -18 in. L x 18 in. W x 7-1/2 in. H

Thermal airflow incubator holds up to 42 chicken eggs. Like a mother hen, it hovers over the eggs, gently warming them until they hatch. Scientifically designed incubator is made of thermal plastic that holds a constant temperature and maintains constant humidity. Features a thermometer, thermostat, plastic sanitary bottom liner, and two 4 in. x 5 in. plastic observation windows. 110V AC, 25 watts. 18 in. L x 18 in. W x 7-1/2 in. H. Automatic egg turner (SB12143N) is not included, recommended for schools.
