

SCATTER-FREE GLUEBOARD FLYTRAPS — WALL MOUNT MODELS —

<u>MODEL NUMBER</u>	<u>BLACK LIGHT ATTRACTION LAMPS</u>	<u>STICKY BOARD SERIES</u>	<u>METAL MATERIAL</u>
GB18 GB36	ONE 18 ONE 36	GB4 GB4	SAND BEIGE TEXTURED STEEL SAND BEIGE TEXTURED STEEL

Guardian® Glueboard Fly Traps lure flies and other pesky flying insects with a UV black light lamp to sticky glueboards (discreetly concealed in the front of the unit). Capture and containment is invisible... and silent. These models are equipped with T8 (energy efficient) lamps and 6 Ft. (1.83 meter) electric cord. Glueboards are included. Models may be either wall mounted or set to stand alone. For best results, the attraction lamp should be directly visible to an insect's flight path. Continuous (24 hour) use is recommended. FDA/USDA ACCEPTABLE.

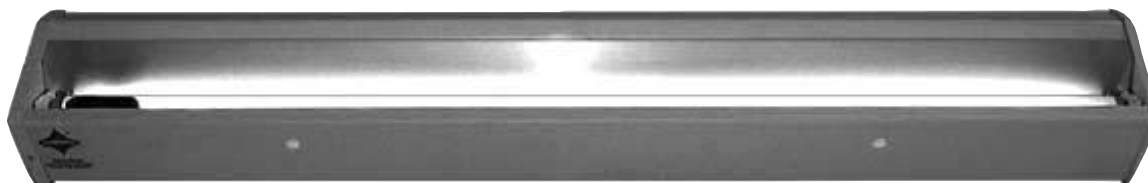

PERFECT FOR —

- Dining Rooms/Cafeterias/Lunchrooms
- Kitchens/Deli Prep
- Fast Food Operations
- Supermarket Deli's/Bakeries/Meat, Produce and Seafood Departments
- Hospitality Service Areas
- Waiter/Wash Stations
- Testing Laboratories
- Veterinaries/Small Animal Surgery
- Anywhere noiseless insect containment is desirable

Guardian® Wall Mount Glueboard Fly Traps are ideal for areas where other insect control devices are inadequate or not allowed due to the proximity of open foods and food preparation areas.
