## Tingley CI124 Contour Innersoles

**NJ Part numbers: 6962105, 6962110, 6962115, 696120**

Replacement Polyurethane Contour Insole resists compression set for long wear comfort. Constructed of three layers. The top layer is made of polypropylene for moisture absorption. The middle is polyurethane with open cell construction for breathability. The bottom layer is made of polyethylene, which conforms to the shape of the foot for secure placement. Available in sizes small, medium, large, and XL.
