

# DAL0024 Data Sheet / Fiche Technique

Code	ZA0078
Name	Eyelet
Désignation	Oeillet de fixation
Dimension	c.f image (dimensions = mm)
Material Matériaux	13% glass filled Nylon 6/6 Nylon 6/6 à 13% Fibre de verre
Temperature conditions Condition de température	-40/+85°C

The technical drawing includes three views of the eyelet:

- Top View:** Shows a diamond-shaped part with a central circular opening. Dimensions include a central hole diameter of  $\varnothing 5.2$  and a distance of 46.9 between the outer edges.
- SECTION A-A:** A cross-section view showing the thickness of the part. Dimensions include a total thickness of 3.8, a central hole diameter of  $\varnothing 5.2$ , and a distance of 35.0 between the inner edges of the mounting holes. A dimension of 4.4 is shown for the outer edge thickness.
- SECTION B-B:** A side view showing the profile of the eyelet. Dimensions include a total height of 30.9 and a base thickness of 2.0. An arrow points to the 'Opening for iButton'.
