Subject: FDA approved material

To whom it may concern,

This letter serves as a certification that our food processing/food service products are FDA approved.

Our color coded products are made from raw materials that are FDA approved and safe for food contact. Therefore, our products are in turn FDA approved and safe for food contact.

For example, some of the raw materials include: Plastic blocks, polyester filament, nylon filament, polypropylene filament, and galvanized coated twisted-in-wire.

Thank you for your interest in La Crosse Brush.

Sincerely,
La Crosse Brush, Inc.

Derek Peterson, VP-General Manager
