## **Regulatory Compliance Statement for 3-A® Sanitary Standards**

**E. I. du Pont de Nemours & Co.**

hereby declares, that the products

**ZYTEL® 101 NC010, 101L NC010, 42A NC010**

in which the basic polymer chemically consists of a  
**polyamide 66**

**has the following status relative to  
“3-A® Sanitary Standards for Multiple-Use Plastic Materials, Number 20-22:**

This resin complies with the criteria in 3-A® Sanitary Standards for Multiple-Use Plastic Materials, Number 20-22, under the Generic Class of Nylon (21 CFR 177.1500), (a) Nylon Type 66. This standard is published by the 3-A Secretary, International Association of Food Industry Suppliers (IAFIS).

This statement only refers to applicable food-contact regulations. Medical and pharmaceutical applications are not considered by these regulations. DuPont has established specific rules for medical and pharmaceutical end-uses. Please consult your DuPont representative for such applications.

This statement is based on our current level of knowledge and covers commercial and experimental resins as supplied by DuPont at the date of issue. Since conditions of use are outside DuPont's control, DuPont makes no warranties, express or implied, and assumes no liability in connection with any use of this information.
