

1. IDENTIFICATION OF THE PREPARATION AND COMPANY		
Product Name	HTS-10 (Buffered Peptone Water)	
Product Number	HTS-10 BPW	
Brand	Hygiena	
Company	Hygiena USA	
	941 Avenida Acaso	
	Camarillo, CA 93012, USA	
Telephone	805-388-8007	
Fax	805-388-5531	
Emergency Phone	888-494-4362	
E-mail	enquiries@hygiena.com	
2. HAZARDS IDENTIFICATION		
This preparation is classified as non hazardous. It does not contain any substance in concentrations presenting a health hazard per Directives 67/548/EEC and 1999/45/EC.		
3. COMPOSITION/INFORMATION ON INGREDIENTS		
Buffered Peptone Water	Formula	N/A
	Molecular Weight	N/A
	CAS-No	N/A
	EC-No	N/A
	Index-No	N/A
	Classification	H315, H319, H335
FORM: Buffer solution is contained in tube ~ 10 ml. Sample pick up swab is attached to cap of tube. If used according to manufacturer's instructions; the Buffer solution in bulb will not come in contact with the operator.		
4. FIRST AID MEASURES		
If inhaled If breathed in, move person into fresh air. If not breathing give artificial respiration.		
In case of skin contact Wash with soap and plenty of water.		
In case of eye contact Flush eyes with copious amounts of water.		
If swallowed Never give anything by mouth to an unconscious person. Rinse mouth with water and seek medical advice.		
5. FIRE-FIGHTING MEASURES		
Not readily combustible. Burning plastic will give out fumes.		
Suitable extinguishing media Use water spray, alcohol resistant foam, dry chemical or carbon dioxide.		
Special protective equipment Wear self contained breathing apparatus for firefighting if necessary.		
6. ACCIDENTAL RELEASE MEASURES		

HYGIENA USA**MATERIAL SAFETY DATA SHEET**

Personal precautions Wear appropriate protective clothing. No special personal protective equipment required.		
Environmental precautions None		
Methods for cleaning up Dilute with water and flush to waste.		
7. HANDLING AND STORAGE		
Handling Handle according to GLP (Good Laboratory Practice) use as directed by manufacturer.		
Storage Keep refrigerated between 2-25°C and keep in foil bag to protect from light.		
8. EXPOSURE CONTROLS/PERSONAL PROTECTION		
Contains no substances with occupational exposure limit values.		
Personal protective equipment No personal protective equipment required for normal use. Handle according to GLP (Good Laboratory Practices).		
Respiratory protection Not required.		
Hand protection For prolonged or repeat contact use protective gloves.		
Eye protection Safety glasses.		
Hygiene measures General Industrial hygiene practice.		
9. PHYSICAL AND CHEMICAL PROPERTIES		
Appearance	Form	Liquid in tube, sample pick up swab is attached to cap of tube.
	Color	Light Straw
Safety Data	pH	Neutral
	Melting point	n/a
	Boiling point	n/a
	Flash point	n/a
	Ignition Temp	n/a
	Lower exposure limit	n/a
	Upper exposure limit	n/a
	Water solubility	Readily miscible with water
10. STABILITY AND REACTIVITY		
Storage stability Stable. Keep refrigerated between 2-25°C. Keep in foil bag to protect from light.		
Materials to avoid None.		
Hazardous decomposition products Plastic components may emit toxic fumes if combusted.		
11. TOXICOLOGICAL INFORMATION		

Hazardous properties are unlikely when handled appropriately. The product should be handled with the care usual when dealing with chemicals.

12. ECOLOGICAL INFORMATION

No environmental hazard is anticipated provided that the material is handled and disposed of with due care and attention.

13. DISPOSAL CONSIDERATIONS

Product

Observe local, State and Federal environmental regulations. The device itself is not bio hazardous. If the sample collected gives a positive result then dispose of device as bio hazardous material per Good Laboratory Practices.

Contaminated packaging

Dispose of as unused product.

14. TRANSPORT INFORMATION

Not subject to transport regulations.

15. REGULATORY INFORMATION

Labeling according to Globally Harmonized System (GHS) of classification and labeling of chemicals.

No special labeling required, hazardous components are deemed non hazardous due to concentration in final preparation.

16. OTHER INFORMATION

This preparation is classified as non hazardous.

It does not contain any substance in concentrations presenting a health hazard per Directives 67/548/EEC and 1999/45/EC.

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Hygiena and its affiliates shall not be held liable for any damage resulting from handling or from contact with the above product.
