

Bucket/Pail Drying Rack Yellow PVC Coated

Description:

- YELLOW PVC coated Bucket/Pail Drying Rack
- Cross contamination reducing racks for HACCP compliance (HACCP – Hazard analysis and critical control points)
- Made to withstand daily cleaning with bleaches, common acids, bases and solvents used for sanitizing food plants & found in chemical plants
- Hold sanitation brushes & tools together in one area, for one machine, or for one operation
- One inch spacing from wall allows cleaning behind rack
- Dimensions: 6"L x 6"W x 18"H

Color coding sanitation utensils reduces the spread of bacteria. Color coded rack prevents mixing cleaning utensils from different areas of the plant. Use different colored cleaning utensils in different areas of the food plant to reduce the spread bacteria and disease in food plants.
