

DM Certification

We hereby certify that the compounds in DM Sourcing elastomers (rubber) manufacturing have been tested and found to be in compliance with the Code of Federal Regulations for the rubber and rubber-like materials under Title 21, paragraph 177.2600, and comply with the specifications of the 3-A Sanitary Standards.

Product materials that are included in the above-mentioned elastomers are Buna-N, EPDM, Silicone and FKM (Fluoroelastomer) Materials. As well as Buna-N, EPDM, Silicone and FKM (Fluoroelastomer) Metal Detectable and X-Rayable materials.

We hereby certify that the Nylon and PTFE resins from which our parts are produced are found to be in compliance with code of FDA regulation 21, CFR, 177.1550 for use in contact with food, dairy, pharmaceutical products.

We hereby certify that our products comply with the USDA and 3-A sanitary for multiple use rubber and rubber-like materials used as product contact surfaces in sanitary processing equipment.

We hereby certify that our Buna-N, EPDM, Silicone, FKM, Nylon & PTFE (Fluoroelastomer) materials are Animal Derived Ingredient Free and PHTHALATE Free.

We hereby certify that the stainless steel utilized in our gaskets and stems is 316 stainless steel, which meets FDA requirements for use in sanitary applications.

Parts included in this certification include the following series of parts supplied by DM Sourcing Solutions:

17-62 series (Valve Body Gaskets)

17-155B (Vacuum Breaker Gasket)

A80 series (Orifice Gaskets)

MPG, MPSFY, MPE, MPU, MPSFYW, MOG (Clamp Gaskets)

45BY-B, 45BY-E, 45BY-SFY, 45BY-NY (BALLS)

Buna, EPDM, Viton and Teflon Stems
