SAFETY ALUMINUM 72/30 CABLE LOCK

Flexible Safety

The ABUS 72 Series aluminum padlocks are made of **lightweight**, non-magnetic materials and can be **engraved** for easy identification. The 72/30CAB features a **flexible cable** that is ideal for twisting in tight, confined areas. Available in cable lengths of 4" or 8", this padlock can be used to secure multiple **safety devices** or as a stand-alone.

Features

- Lightweight, anodized **aluminum lock body** offers superior chemical and corrosion resistance
- **Highly flexible cable** in two sizes for multi-purpose security solutions
- Laser engraving available for **easy identification**
- Meets **OSHA** lockout/tagout guidelines
