

D910P

Effective:
Document No.:

April 19, 2023
SRC-PS-457 Rev. A

Dimensional Information and Tolerances

CRITERIA	DIMENSIONAL INFORMATION / SPECIFICATIONS
Rim Feature	Slippable
Code	2910
Nominal Size	100 x 15 mm
Style	Mono
ISO Mark Target	Yes
Dish Height	15.3 mm
Dish Outer Diameter	88.9 mm
Lid Outer Diameter	92.4 mm

Packaging Configuration

PACKAGING	QUANTITY
Dishes/Sleeve	25
Dishes/Box	500

Applications

- Automated filling and streaking systems
- General microbiological use

Features & Benefits

- Standard slippable petri dish for use in automated equipment.
- Side Arrows and ISO Mark Target to aid in orientation.
- Ventilation ribs allow for free air circulation and reduce condensation during incubation.
- Consistent flatness allows for even media distribution.
- Flared lid skirt and squared corners for easy one-hand operation, especially with gloves.
- Disposable (single use) medical-grade virgin polystyrene.
- Optically clear.
- Radiation sterilized.
