

Certificate of Assurance

This certificate verifies that the product listed below meets Excel Scientific's quality specifications.

The materials used to manufacture the products listed below are in compliance with the requirements as described in FDA Title 21, Sec. 177.1640 and USP Class VI.

Products that are labeled STERILE are treated by either electron beam or gamma irradiation following ANSI/AAMI/ISO 11137 recommended practices in effect at the time of manufacture. Qualified personnel review product sterilization records and each batch is signed off before the product is released for sale.

The lot numbers listed have been verified:

LOT NUMBER	EXCEL SCIENTIFIC PRODUCT NUMBER	DESCRIPTION
N/A	D900NELS	100x15mm Petri Dish, Stackable , Sterile, 25/Bag
		500/Cs
