# GEO-ACID PF NO. 150

## PRODUCT DESCRIPTION

Geo-Acid PF No. 150 is an effective, low nitrate acid CIP cleaner designed to remove mineral scale soils and minimize nitrate effluent discharge from cleaning. It has wetting agents to improve cleaning efficiency while minimizing foam generation.

## FEATURES & BENEFITS

- Low nitrate effluent discharge
- Concentrated formula for low usage rates
- Environmentally friendly phosphorous free formulation
- Surfactants for efficient wetting and superior performance
- Corrosion free to stainless steel when used as directed

## USES AND APPLICATIONS

- Mineral scale removal in CIP applications
- Use 0.25 to 1.25 fluid ounces of Geo-Acid PF No. 150 per 1 gallon of water.
- For heavy soil loads this product may be used at higher concentrations.
- Consult your Hydrite representative for specific recommendations.

## PROPERTIES

Appearance..... Clear Red Liquid  
Specific Gravity ..... 1.21 g/cm<sup>3</sup>  
pH of Concentrate..... 1.0

## AUTHORIZATION

Geo-Acid PF No. 150 is approved for use in all food plants. Refer to Hydrite's FDA Approval Letter.

## PRECAUTIONS

Product safety information and handling precautions are contained on the product label and Safety Data Sheet (SDS).

**READ AND UNDERSTAND LABEL AND SAFETY DATA SHEET BEFORE PRODUCT USE.**
