

Reliability & Quality Maximized

The 3M™ Electronic Pipettor II combines efficiency, versatility, and precision into one simple yet sophisticated tool. The 3M Electronic Pipettor II is pre-programmed to perform the most common 3M™ Petrifilm™ Plate dilutions and provides high accuracy and precision handling for micro-volumes of liquids. The microprocessor-based system reduces the possibility of human error and instrument contamination by controlling pipetting speed, calibration and volume selection. It's lightweight and ergonomic controls take the effort out of pipetting to help reduce the risk of repetitive strain injuries that are frequent with manual pipetting.

Combine the cost-efficiency and labor-saving technology of 3M™ Petrifilm™ Plates with the features of the 3M Electronic Pipettor II

Enhanced productivity

- Pre-programmed to perform common dilutions within the tip
- Open programming mode for user-set pipetting and diluting
- Multiple plating with the multi-dispense feature on 5mL Electronic Pipettor II
- Auto Function Test at Start Up for selecting previous mode

Increased accuracy

- Microprocessor-controlled system
- Accurate, reproducible results
- Automatically detects calibration errors
- Nine speeds for aspirating and dispensing accuracy
- Meets Standard Methods for the Examination of Dairy Products specifications
- Meets FDA 2400 sheet criteria

Improved ergonomics

- Ergonomic design; reducing likelihood of repetitive strain injuries
- Operates either right- or left-handed
- Push-button auto tip ejector
- Soft-touch operating buttons
- Weighs less than six ounces

3M recommends that users of all pipettors observe good ergonomic work practices including good workstation design and seating, as well as behavioral measures such as regular work breaks and varied work postures.

Ordering Information

Product	Cat. No.	Units/case
3M Electronic Pipettor II — 1mL	6502	1
3M Electronic Pipettor II — 5mL	6503	1
3M Pipettor Tips — 1mL, wide bore, racked, pre-sterilized	6486	960/case
3M Pipettor Tips — 1mL, wide bore, racked	6485	960/case
3M Pipettor Tips — 1mL, wide bore, bulk	6484	1000/case
3M Pipettor Tips — 5mL, wide bore, racked, pre-sterilized	6489	500/case
3M Pipettor Tips — 5mL, wide bore, racked	6488	500/case
3M Pipettor Tips — 5mL, wide bore, bulk	6487	250/case

Limited Warranty: The manufacturer warrants that the Electronic Pipettor II meets its current specifications for one year after shipment, provided it is used and cared for in accordance with its instructions. If for any reason the product fails to meet any express warranties, as your sole remedy, 3M will repair or replace the unit or refund the purchase price. **3M DISCLAIMS ALL OTHER EXPRESS AND IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** The customer must determine whether this product is appropriate for use with its products and processes.

Limitation of Remedies: At 3M's option, 3M will replace or refund the purchase price of any 3M Electronic Pipettor II product that does not meet 3M's express limited warranty. In addition, 3M may elect to have repaired any Electronic Pipettor II that does not meet 3M's express warranty. You must promptly notify 3M of any suspected nonconformance in a product within 30 days after you discover it and return the product to 3M. Please call Customer Service (800-328-1671 in the U.S.) or your official 3M Microbiology Products representative for a Returned Goods Authorization. **THESE ARE YOUR EXCLUSIVE REMEDIES, AND UNLESS OTHERWISE PROHIBITED BY LAW, 3M WILL NOT BE LIABLE FOR ANY OTHER DIRECT, INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS.**
