**Subject:** Food Safe Materials Statement for Carlisle FoodService Products Bronco™ Containers and Lids

Dear Customer,

Carlisle FoodService Products has an ongoing dedication to the protection of our customers through proactive verification of the safety of our products. This letter is to certify these items are manufactured using material that is safe to come into direct contact with food. Carlisle FoodService Products has verified the safety in the following manners:

All items are made from materials recognized by the US Food and Drug Administration as safe for direct contact with food up to 212° F. These are made from polyethylene plastic and food safe colorants. The approved colors are White, Yellow, Gray, Black, Green, Orange, Tan, Blue and Red.

These items have been listed under NSF International's Food Equipment NSF/ANSI Standard 2 and Thermoplastic Refuse Containers NSF/ANSI Standard 21. This listing involves: a toxicology review of all the materials, confirmation of FDA compliance, and review of cleanability under the normal use conditions of the product.

This includes Bronco containers and lids 341010, 341020, 341032, 341044, 345050, 341055, 341011, 341021, 341033, 341045, and 341056.

In addition this item is sold worldwide, including the country of origin.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. Kuhn".
