

Nylon Floor Scraper

Series 2911

Remco

Hygienic Euro Thread

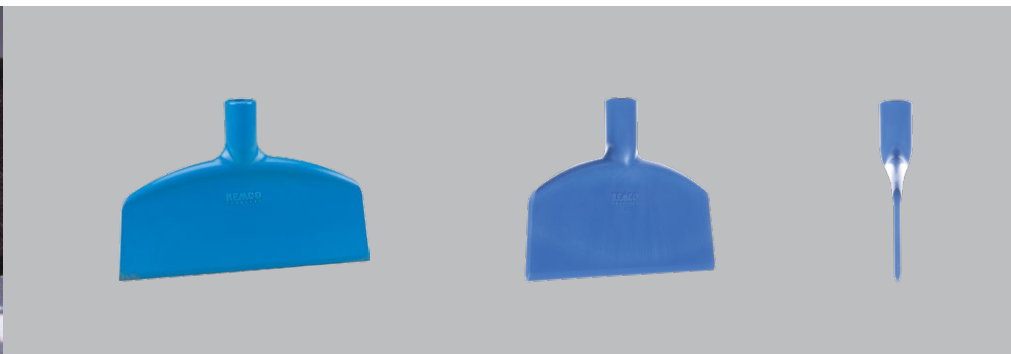

Hygienically designed Euro thread prevents walk-off and is easy to clean

Nylon Blade

Durable nylon blade loosens and removes stuck-on debris and won't damage surfaces

Our Nylon Floor Scraper is made of tough and food-safe nylon to promote food safety and durability. The floor scraper comes in six colors, including black, to promote color-coding plans, which could reduce the possibility of cross-contamination and cross-contact in food production facilities.

Nylon Floor Scraper

2911

Remco's floor scraper has a heavy-duty nylon blade that won't damage floors or machines. Its one-piece construction increases durability and means the scraper can not only clean up tough messes, it can do it for years to come.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
