SECTION 4 - FIRST AID MEASURES
Eye Contact:

If wearing contact lenses, remove it at once. Immediately flush eyes with large quantities of water for at least 15 minutes. Get Medical attention if irritation persists.

Skin Contact:

Molten material can cause severe burns. Do not try to peel molten polymer from the skin, treat as for thermal burn. Cool rapidly with water then get medical attention promptly.

Inhalation:

Not likely to inhale due to physical form.

Ingestion:

Not a likely route of exposure. If person is conscious, give large amount of water to drink. Induce vomiting. Keep person calm and quiet. Do not give anything by mouth to an unconscious person. Seek medical attention promptly.

SECTION 5 – FIRE-FIGHTING MEASURES**General Information:**

As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. Decomposes at high temperatures, resulting in toxic and corrosive products. Containers may explode when heated.

Extinguishing Media:

Use water spray, dry chemical, carbon dioxide, or chemical foam. Cool containers with flooding quantities of water until well after fire is out.

Flash Point: Not Available
