

Ultrasil® 02

PRODUCT DESCRIPTION

Ultrasil® 02 is a highly concentrated anionic detergent additive for increasing the efficiency of reverse osmosis, ultrafiltration, nanofiltration and microfiltration membrane systems.

BENEFITS

Promotes Quality Assurance

- ▲ Highly effective detergent system aids in penetration, emulsification, and suspension of organic soils which cause membrane fouling, and possible product contamination.
- ▲ Compatible with alkaline, chlorinated, and acidic Ultrasil products, enabling use over a wide range of membrane applications.
- ▲ Liquid formula assures rapid solubility.

Saves Labor and Time

- ▲ Controlled foam levels remove and suspend soils, and provide free rinsing action.
- ▲ Concentrated formula enables low use cost applications.
- ▲ Multiple use application potential reduces total cleaning product inventories.

Ultrasil® 02

PROPERTIES	Form	liquid	Spec. Grav. @ 20°C (68°F).....	0.990
	Color	light yellow	Pounds per gallon.....	8.25 (0.99 kg/L)
	Odor	faint	100% solution pH	7.0 - 9.5
	Foam	high		

Formula ingredients contain no phosphorus.

DIRECTIONS FOR USE Ultrasil 02 is recommended for use at concentrations of 0.5 - 1.0 mL/L (0.5 - 1.0 US fl oz/8 US Gal) of cleaning solution.

After using this product, surfaces must be thoroughly rinsed with potable water.

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment.

NOTE: Observe the recommendations of the membrane manufacturers for maximum temperature, pH, and time limits.

For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.

STATEMENT OF ASSURANCE This product is effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP). This product will not adulterate food product provided that before using it, food products and packaging materials are removed from the room or carefully protected and after using these compounds, surfaces are thoroughly rinsed with potable water.

A Letter of Guaranty as indicated in USDA's Sanitation Performance Guideline is available from your Ecolab representative.

Ultrasil 02 is registered for use in federally-inspected food establishments in Canada provided it is in keeping with the instructions outlined on the label.

SUSTAINABILITY POLICY We have a commitment to our customers to provide effective programs that help protect the health and safety of their customers and employees. We will sell products or services that maximize performance, limit total environmental impact, and are safe as our customers commonly use them. We will inform our customers of the environmental impacts of our products or services, and of their correct use.
