Features & Benefits

If you have a task where wiping precision and reliability are important, Kimtech Industrial Cleaning Wipes (Kimtex Wipers) are an excellent choice. They are designed for wiping tasks where low lint or the use of chemicals is required, as the polypropylene sheets are specially engineered for critical applications involving solvents, inks and paints. These absorbent sheets are acid-, base- and solvent-resistant, and ideal for use with lubricants, oil and grease. Whether you're responsible for cleaning by hand, manufacturing / assembly, pre-packaging wipe-down or refinishing, these industrial wipers are essential tools of the trade. The portable Pop-Up Box format is designed for reliable, one-at-a-time dispensing.

- Kimtech Industrial Cleaning Wipes (Kimtex Wipers) are low lint and made of durable, textured polypropylene
- Ideal for cleaning grease and oil off of tools and surfaces; very absorbent, which makes cleaning and prepping easy
- Acid-, base- and solvent-resistant, so useful for furniture finishing by hand, engine assembly / repair, appliance assembly, and glass or window cleaning
- Pop-Up Box format gives you reliable, one-at-a-time dispensing; each wiper measures 8.8" x 16.8"
