

# Product Data

## SureFlo™ 250N 750 SO

### Description

**SureFlo™ 250N 750 SO** is specifically formulated for customers seeking the functional attributes delivered by cellulose as an anti-caking agent for the cut cheese industry. This is a proprietary blend that exhibits excellent flow and adhesive characteristics.

**SureFlo™ 250N 750 SO** is formulated with a specifically selected enzyme to aid in maintaining freshness by reducing the available oxygen in the packaged cheese. Provides 7.5 ppm natamycin on finished cheese at an application rate of 1%.

**SureFlo™ 250N 750 SO** has the unique ability to provide superior anti-caking properties while maintaining the desired natural flavor and appearance of the finished cut cheese product.

### Packaging

40 lb poly-lined bag, palletized at 50 units (2000 lbs.)  
2000 lb. totes available

### Storage and Shelf Life

9 months in ambient conditions of moderate temperature and humidity.

### Ingredients

Cellulose, Dextrose, Natamycin, Sunflower Oil, Enzyme

### Allergens

This product contains no allergens

### Typical Analysis

White, Free Flowing Powder  
Moisture %      Less than 7%

### Screen Analysis

Thru 100 mesh    50% minimum

### Microbial Analysis

APC /g            < 10,000  
Yeast /g          < 200  
Mold /g          < 200  
Coliforms /g     10 max

### Kosher Status

Manufactured under the direction of the Union of Orthodox Jewish congregations. Kosher certification upon request.
