

## SureFlo™ 250N

### Description

**SureFlo™ 250N** is specifically formulated for customers seeking the functional attributes delivered by cellulose as an anti-caking agent for the cut cheese industry. This is a proprietary blend that exhibits excellent flow and adhesive characteristics.

**SureFlo™ 250N** is formulated with a specifically selected enzyme to aid in maintaining freshness by reducing the available oxygen in the packaged cheese. This blend also contains Natamycin and provides 5 ppm natamycin on finished cheese at an application rate of 1%.

**SureFlo™ 250N** has the unique ability to provide superior anti-caking properties while maintaining the desired natural flavor and appearance of the finished cut cheese product.

### Packaging

40 lbs. poly-lined bag, palletized at 50 units (2000 lbs.)  
2000 lbs. totes available

### Storage and Shelf Life

12 months in ambient conditions of moderate temperature and humidity.

6SF250N  
3/11/19

### Ingredients

Cellulose, Dextrose, Natamycin, Enzyme

### Typical Analysis

Off white, Free Flowing Powder

### Allergens

This product contains no allergens

### Technical Analysis

Through 100 mesh	min. 98%
Moisture %	< 7%

### Microbial Analysis

APC /g	< 10,000
Yeast /g	< 200
Mold /g	< 200
Coliforms /g	10 max

### Kosher Status

Manufactured under the direction of the Union of Orthodox Jewish congregations. Kosher certification upon request.
