

# BRAND<sup>®</sup> Pipette Tips

Premium Tips, Outstanding Prices!

BRAND<sup>®</sup> pipette tips and filter tips are manufactured in one of the world's largest life science product cleanrooms under state-of-the-art production conditions. They are automatically rack packed and packaged to ensure consistently high quality.

High purity polypropylene for quality, reproducible results: Tips are free from DiHMDA, oleamide, and lubricants. Any pigments used are cadmium-free.

**Cleanroom Quality:** All rack-packed tips and filter tips up to 1000  $\mu$ L are free of DNA (<40 fg), RNase (<8.6 fg), endotoxins (<1 pg) and ATP (<1 fg), and are supplied with environmentally friendly packaging systems. BIO-CERT<sup>®</sup> tips are sterile according to ISO 11137 and the AAMI guidelines; a SAL of  $10^{-6}$  is obtained.

**Fit major brands:** BRAND<sup>®</sup> tips are a perfect match for BRAND<sup>®</sup> Transferpette<sup>®</sup> pipettes, and fit most major brands of pipettes using non-proprietary tips.
