

# PRODUCT INFORMATION

## LED LENSER P5R 500 LUMEN FLASHLIGHT

Item # 6604009

The P5R Core is lightweight (less than 4 ounces) and extremely compact, fitting comfortably into a jacket or pants pocket. Yet despite its compact size it packs a powerful light, is extremely weather resistant and is equipped with the latest light technologies. Light functions can be customized to the user more easily than ever before with Smart Light Technology. It can be easily recharged and can handle extreme dust and even submersion in water.

### LED

LED Configuration - 1 x High Power LED

Luminosity - MAX 500 lm - MIN 15 lm

Lighting Range - MAX 250 m - MIN 40 m

Battery Duration - MAX 25 h - MIN 1 h

### LIGHT FUNCTIONS

Power - high light output for every situation

Mid Power - medium light output for every situation

Low Power - economical light for long battery life, glare-free reading and working

Boost - short-duration maximum power for more brightness

Blink - automatic emission of light impulses at regular intervals

Position - two short pulses of light, repeated three times, to alert others of your location

S.O.S - the distress signal the light emits is SOS in Morse code (3 x short, 3 x long, 3 x short)

Strobe - flashes of light with a confusing blinding effect for, among other things, self-defense

### SWITCHES

Front Switch - a switch on the front of the torch so you can use one hand

### SPECIAL FUNCTIONS

Advanced Focus System (AFS) - for efficient, precise flood and spot lighting

Flex Sealing Technology - provides high protection against dust and water (IP68)

Outstanding Ledlenser light quality - brightness, beam range and run time are ideally matched to the energy source

### IP-CLASS

IP68 - Protection for submersion in water up to 1.5m deep for up to 30 mins.

### HEIGHT AND WEIGHT

Length (defocused) 123 mm

Head Diameter 29 mm

Weight 106 g
