## ProvaGrate UR

### PACKAGE SIZE

Case of 24 Drain Rings

### ITEM CODES

40600135

### PRODUCT OVERVIEW

ProvaGrate is a slow release formulated drain treatment engineered to deliver superior detergents and wetting agents every time moisture contacts the ring. This keeps drains free flowing between biofilm removal treatments and extends the maintenance interval needed for drain cleaning and disinfection. For biofilm removal in drains, please refer to the Sterilex Drain Program.

### BENEFITS

#### Easy and Safe to Use

- o Easy to use set-and-forget ring
- o Long-lasting, slow-release polymer technology
- o Not regulated for transport

#### Enhances Sanitation Programs

- o Keeps drains free from clogs
- o Maintains drain surfaces between biofilm removal treatments with Sterilex Ultra Disinfectant Cleaner Solution 1 and Sterilex Ultra Activator Solution
- o Saves labor by reducing drain cleaning frequency

### PROPERTIES

Form	Solid
Appearance	Blue
Odor	Characteristic, Disinfectants

### COMPATIBILITY

#### Material Compatibility with ProvaGrate

Aluminum 1100
Aluminum 5052
Aluminum 6061
Epoxy Concrete Coating (Tuffcrete or Similar)
Dairy Brick
Carbon Steel
Stainless 304
Stainless 316
Sealed Concrete
Aluminum 7075 <i>Staining/Minor Corrosion/Color Change</i>
Aluminum 3003 <i>Staining/Minor Corrosion/Color Change</i>
Unsealed Concrete

### APPLICATIONS

- o Drains

### STORAGE

See product label and SDS for full storage, disposal and safety information.

### AUTHORIZATION

This product is effective under the intended conditions of use as outlined on the product label.

### DIRECTIONS FOR USE

Refer to label for full directions for use.

Utilize Sterilex Ultra Disinfectant Cleaner Solution 1 and Sterilex Ultra Activator Solution to clean, disinfect and remove as much biofilm and organic matter as possible. When drain is clean, place drain ring in drain trap, so that flowing water will contact ring.

Keep out of reach of children. Store in cool, dry conditions in well-sealed receptacles.

The content provided in this marketing material is provided for informational purposes only and does not supersede the product label requirements. Approved label claims may vary depending on geography, use site, organism, or other factors. Always refer to the product label for complete directions for use.

■ Compatible    ■ Minor Discoloration or Oxidation    ■ Incompatible

Sterilex products are available from sanitation chemical providers. Please contact us for more information.
