

# CENTURY NO. 258

---

## PRODUCT DESCRIPTION

Century, No. 258 is a heavy duty caustic cleaner designed to remove difficult soils in hard water conditions.

---

## FEATURES & BENEFITS

- Complete formulation, caustic, chelants, and surfactants eliminate mixing at facilities.
- There is no need to add other ingredients for complete soil removal.
- Special chelants control scale (hard water and calcium oxalate).
- Concentrated formula reduces the need for additional storage and frequent deliveries.
- Surfactants reduce surface tension, improve cleaning and control foam.
- Non-phosphated to reduce effluent phosphorous levels.

---

## USES AND APPLICATIONS

- CIP of processing equipment in the dairy and food industry, in the beer and beverage industry.
- Processing tanks.
- CIP of smokehouses.
- Boil-out applications such as cookers and fryers.
- Use Century, No. 258 at 1 to 3% caustic per gallon of water. Circulate with hot water for 30 minutes. Rinse thoroughly with potable water.
- This product can be used at higher usage levels than listed for heavy soil loads, burnt on soils, or other conditions where more chemical is required to remove the soil.
- Consult your Hydrite representative for specific recommendations.

---

## PROPERTIES
