## Pipe Brush w/handle, one piece, 3.1", Medium, Green

Our latest one-piece pipe brush has more features to love thanks to industry feedback. More bristles mean that this brush holds even more cleaning solution, making wet cleaning a breeze. The stiff bristles allow the brush to handle tougher cleaning jobs, whether it's for metal, nylon, PVC, or stainless steel pipes.

Workers will be able to comfortably add manual pressure, due to its ergonomic design. The handle is long enough that force can be easily applied, but not so long that it becomes cumbersome. One-piece construction and high-quality materials make Vikan's latest pipe cleaning brush durable enough for repetitive tough cleaning.

The Pipe Brush, as part of the Hygiene Line, possesses the familiar design advantages that Vikan is known for. The lack of crevices, cracks, and mold lines eliminates the places bacteria can hide and multiply in. The brush itself is easy to

clean and can be placed in an industrial dishwasher or an autoclave. And, with 8 colors to choose from, our industrial pipe cleaning brush can be a part of any color-coding plan.

# Technical Data

Item Number	5382802
Bristle stiffness	Medium
Visible bristle length	1.3 "
Material	Polypropylene Polyester Stainless Steel (AISI 304)
Complies with (EC) 1935/2004 on food contact materials <sup>1</sup>	Yes
Complies with EU Regulation 2023/2006/EC of Good Manufacturing Practice	Yes
Complies with FDA Regulationl CFR 21	Yes
Complies with UK 2019 No. 704 on food contact materials	Yes
Meets the REACH Regulation (EC) No. 1907/2006	Yes
Complies with Halal and Kosher	Yes
Phthalates and bisphenol A intentionally added	No
Box Quantity	15 Pcs.
Quantity per Pallet (80 x 120 x 180-200 cm)	240 Pcs.
Quantity Per Layer (Pallet)	60 Pcs.
Product diameter	3.1 "
Length	16.9 "
Width	3.1 "
Height	3.1 "
Net Weight	0.4674 lbs
Weight bag (Recycling Symbol "4" Low Density Polyethylene (LDPE))	0.02 lbs
Weight cardboard (Recycling symbol "20" PAP)	0.05 lbs
Tare Total	0.07 lbs
Gross Weight	0.5324 lbs
Cubic Feet	0.0972 ft3
Recommended sterilisation temperature (Autoclave)	249.8 °F
Max. cleaning temperature (Dishwasher)	199.4 °F
Max usage temperature (food contact)	176 °F
Max usage temperature (non food contact)	212 °F
Min. usage temperature	-4 °F
Max. drying temperature	212 °F
Min. pH-value in usage concentration	2 pH
Max. pH-value in Usage Concentration	10.5 pH
GTIN-13 Number	5705022040694

<b>GTIN-14 Number (Box quantity)</b>	15705028040701
<b>Customs Tariff No.</b>	96039099
<b>Country of Origin</b>	Denmark

New equipment should be cleaned, disinfected, sterilized, and any labels removed, as appropriate to its intended use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.

1. See Declaration of Compliance for further details on food contact
3. Do not store the product below 32 °Fahrenheit.
